If you have insurance, your insurance company will be billed. Mammograms will be provided based on the provider's clinical assessment. Walk-ins will be accepted based on availability.

If you are an uninsured woman 40 or older, or over 35 with a history of breast cancer in your family, we invite you to participate in a one day mammogram screening event at St. Vincent's Comprehensive Cancer Center. A mammogram is the best way to find breast cancer early when it can be treated more effectively.
